To ensure the continuous development and improvement of our products, we reserve the right to make changes to the colour, design and descriptions or methods of manufacture of our furniture. Such changes may be made without prior notice and without incurring liability.

In many of our products we use wood, a natural living material which will reflect a numerous variety of grains and textures and so variances must be allowed for. Styles that feature timber, PVC, laminates and melamine finishes may incur a slight colour change over the years. The term "solid timber" applies to door and drawer fronts only. Symphony uses numerous materials in the manufacture of your bedroom units and these different products may reflect light in different ways. Accordingly, this may give rise to the appearance that the colour of the different components of your bedroom unit does not match absolutely. A slight difference in colour between different components does not in itself mean that the product is not of satisfactory quality. This does not affect your statutory rights.

Colour reproduction in this brochure is as accurate as printing techniques will allow. Copyright and all other rights in this brochure and the photographs and other works upon which it is based, are owned by The Symphony Group PLC. No part of the brochure and said photographs and other works may be reproduced or transmitted in any form or by any means (including but not limited to photocopying or storing in any electronic medium) without the prior express written permission of The Symphony Group PLC.
